

Worker Emergency ID

Hard Hat ID - Induction Sticker

SKU **WSID-03**

A low-cost, simple solution to help site-foremen, supervisors and managers quickly identify who is on site at a glance.

- Identify short-term workers, subcontractors or even visitors to a work site.
- Stores user information such as name, company name, profession, access authority, safety induction date or emergency contact number.
- Unique self-laminating design protects the written information.
- Each pack can equip 25 workers.
- An additional sticker highlights the presence of the ID label on the helmet.
- Non electrically conductive.
- Weighs less than 5 grams.

Note: This product does not have the data-protection features offered by our WSID-01 & WSID-02 Hard Hat ID's.
